**Metal Halide Promotional Gobo Projector**

- For outdoor and indoor use
- Fully weatherproof compact housing
  - Zoom facility
- Two inbuilt projection angle options
- Easy and quick gobo or dichroic filter change
- Three selectable speeds and off (static) for gobo rotation

Goboclip expands gobo projection into outdoor use, with a fully weatherproofed (IP65) ultra compact body. Of course GOBOCLIP can also be used indoor and has a grey polyurethane finish allowing the unit to blend discretely into any location. Utilizing the CDM-SA/T 150W 9000-hour metal halide lamp, GOBOCLIP projects a bright and accurate rendition of any graphic design or logo. A zoom facility combines with more inbuilt projection angle options to provide maximum flexibility with projection distance and image size. GOBOCLIP has easy and quick metal gobo, glass gobo or dichroic filter change, with a newly fitted circuit board and stepper motor to control via DMX the rotating image speed settings. The focus and the zoom selection are similarly straightforward. Now, with GOBOCLIP's outdoor projection possibilities, your advertising message can reach your target audience almost anywhere you choose.

**GOBOCLIP**

**TECHNICAL SPECIFICATIONS**

**- LAMP SOURCE NOT INCLUDED**

Type:CDM-SA/T  
Wattage (W):150  
Base:G12  
Lamp life (h):9.000  
Lumens:10.000

**- COLOURS**

Dichro filters: 1 (optional)

**- PROJECTION**

Angle:19°-30°  
Focus: Manual  
Zoom:Manual  
Filters:1 (optional)  
Glass gobos:1 (optional)  
Metal gobos:1 (optional)  
Gobos Ø (mm):D size - Ext 53,3 - Int 40  
Rotating gobos:1 (optional)

**- OPERATION**

Stand alone:  
On Board Control:

**- HOUSING**

Weather protection:IP65

**- SIZE (mm)**

Height:480  
Width:305  
Depth:440

**- WEIGHT (kg)**

Main fixture:9,5

**- POWER**

Input (V):230-240 (standard) 110 (optional)  
HZ:50-60  
AMP:0,8 (230-240) 1,6 (110)
